OBJECTIVE

I'm looking for full time work in the business industry to contribute to the development of the industry.

PERSONAL STATEMENT

As an experienced Banker, Working in the banking industry for over 10 years, i have been exposed to various key Practice within the banking industry and am capable of working in any banking/Financial institution. I am always among the highest appraisal ratings within my Managers subordinates in all the departments and banking institutions i have worked in. After eight years within the Nigerian banking system, and 5 years in an International Bank (Standard Chartered Bank) i am currently seeking a new challenge which will utilize my meticulous attention to detail, excellent conduct and vast knowledge in the financial sector.

I recently completed the Retail Banking I (One) certification with the Retail Banking Academy London. An organization internationally recognized in training retail bankers around the world on best retail banking processes and conducts. The Certificate is a 3 stage learning process and awards a final certificate of Certified Retail Banker.

I am currently a PG student of Cyber security in the University of Essex. This is because I have realised how the world has gone digital and want to expand my knowledge in the digital environment. I have so far learnt the following;

- Confidentiality, integrity and availability (CIA).
- Implications of security breaches.
- Identify and mitigate vulnerabilities and threats.

My career goal is to deliver the best in all I have to offer as I believe every opportunity that presents itself to me is as a God given assignment.
